Chalet Les Trolles

By special agreement with the owner, Pollen-Brooks Leisure is delighted to present Chalet Les Trolles, second largest of the seven chalets in the exclusive little Alpine hamlet of Chalets Philippe. Its development reflects the creativity and passion for perfection by Philippe Courtines - the theatrical impresario who has devoted the last 20 years to its creation.

He has married the merits of ancient timbers and exquisite antique furnishings to modern features such as state of the art cinema, HD TV's, Jacuzzi and bathroom fittings, all blended to give the best of yesteryear and today. Your chauffeured drive is only five minutes from the famous Grands Montets ski slopes, seven minutes from Chamonix and only an hour's drive from Geneva Airport.

Les Trolles is perfect for families, groups of friends and small corporate groups when combined with the other chalets in the hamlet.
