

A cluster of modern luxury ski chalets sit at the foot of the Chosalets nursery slopes in Argentiere. Their prime position offers the chance to ski in and ski out, a luxury few chalets in Chamonix enjoy. From here you have easy access to the Grands Montets and some of the most impressive pisted and off-piste skiing in the Alps. The location is great for adults and children.

Amongst them is Chalet Passon sleeping up to 12 guests in 5 double/twin bedrooms with en suite bathrooms. Four bedrooms are on the ground floor and all have access to the terrace that surrounds. The master bedroom is upstairs with its own private balcony with its own Jacuzzi. Upstairs, the open plan kitchen, dining and sitting areas are spacious and furnished in a minimalist contemporary decor that is fresh and inviting. The living areas enjoy fabulous views of the valley leading up to Le Tour.

For added relaxation, there is an outdoor Jacuzzi to thoroughly entice you.

SERVICE, FOOD & WINE

The great advantage of a chalet holiday is that you have the comforts of home and the service of a hotel. Each chalet has 3 staff to look after you and ensure you have a relaxing and enjoyable holiday. They include a trained chef and two chalet hosts. We offer you a choice of a full English breakfast or continental if preferred. On your return from the ski slopes, mulled wine, tea and cakes are provided. Dinner is a 4 course gourmet meal with drinks and canapés beforehand and is followed by chocolates and coffee. Our emphasis is on high quality ingredients, freshly prepared - taking the best from French and British cuisine. Our wines are French, selected with great care, always vintage, and often discovered from surprising corners of France.

RESORT TRANSPORT

We offer one return Geneva airport transfer which is included in the price and is a private transfer for your party.

Unlike other chalets who normally just offer slope drop offs and pick ups, we offer unlimited transport in resort during the day and up until midnight. This means we can help you with pick ups from ski school, collect those that don't want to ski the whole day etc. You will have a driver on hand and the use of a 7 or 8 seater minibus throughout the week.

Please note that if you have a self catered booking, transport is not included but can be arranged if requested in advance.

SKI ORIENTATION

We offer ski orientation around the main resort areas for 3 mornings during the week. We aim to show you parts of the resort that you might otherwise not find, as well as the best restaurants for lunch.

If you would like to ski off piste with a guide and explore some of the more exciting routes that Chamonix offers, then it is advisable to book a qualified High Mountain Guide from one of the ski schools or the Compagnie des Guides. We would be delighted to do this for you

FAMILIES

We pride ourselves on being a child friendly Chalet operator and many of the families who stay with us come back year after year! Raising a young family in the Alps we know what is needed to make your holiday a success and that happy children make happy parents!

THE CHALET

The chalet is children friendly. The chalet comes with a selection of games, satellite TV, DVD.

We are able to provide children's cots (please bring your own bedding), high chairs, child gates and sterilizing equipment as well as car booster seats. We can also arrange for nappies and formula milk to be bought in advance too. We also rent out for a small charge toddler and young children's ski clothing.

THE SKIING

Four of the five different ski areas in Chamonix are suitable for intermediates and one of the nicest beginner areas is Les Chosalets next to Les Grands Montets in Argentiere. This area is 50m away. La Vormaine is a larger beginners area which is a 5 min drive up the valley next to Le Tour.

CHILD CARE SERVICES

For babies/children aged 3 months to 3 years, we can help organise you a babysitter for evenings out as well as a day time nanny/babysitting service for an extra charge. For children aged 3 to 12, we have the Panda Club on our doorstep - a 1 min drive from the chalet which provides excellent all day or half day crèche or ski school facilities. All the instructors speak English and there are generally a large percentage of English speaking children. They have a fun play park, indoor play area, one lift tow as well as Les Chosalets nursery slopes nearby. As an indication, 5 full days with skiing lessons and lunch costs about £200.

DINNERS

Chef can either offer that nights menu or will cook cuisine with Kidz appeal; spaghetti, home-made pizza, crispy chicken fillets with fried potatoes for example. These are all freshly prepared. We will look forward to speaking with mum on the phone and receiving the hit list!
